Product Description

Noco Boost Eyelet Cable w/ X-Connect Adapter 0-46221-16017-8 NOCO Boost heavy-duty eyelet cable with X-Connect adapter for automotive and powersport applications. The eyelets were engineered to efficiently transfer maximum current flow with minimal power loss, and the silicone insulation is suited for both heat stability and flexibility in cold weather applications. Hardwire the eyelet connectors to battery terminals for quick access to both charging and jump starting. Jump start with GB20, GB40, GB50 or GBX45 NOCO Boost UltraSafe Lithium Jump Starters and charge with NOCO Genius using the charger adapter included. Compatible Genius models: GENIUS1, GENIUS2, GENIUS5, GENIUS10, GENIUS2x2, GENIUS2x4, and previous G Series models: G750, G1100, G3500, G7200. (JUMP STARTERS AND CHARGERS SOLD SEPARATELY.)

- Heavy-duty battery eyelet connectors for automotive, powersport, marine, RV, and truck applications.
- Hard-mount the eyelets for quick and convenient charging or jump starting.
- Lie-flat design for seamless installations with M6 (1/4-inch) hole size.
- Charger adapter included for quick and easy transitions between your Boost jump starter and Genius charger.
- Made from durable, heat stabilized 8AWG silicone wire that maintains its flexibility in cold weather environments.
- Designed to efficiently transfer maximum current flow with minimal power loss.
- Compatible with Boost UltraSafe Lithium Jump Starter models: GB20, GB40, GB50, and GBX45.

- Attach the adapter for compatibility with Genius Charger models: GENIUS1, GENIUS2, GENIUS5, GENIUS10, GENIUS2x2, GENIUS2x4, and previous G Series models: G750, G1100, G3500, G7200.

Noco Genius1 6V/12V 1 - Amp Smart Battery Charger

Product Description

Noco Genius1 6V/12V 1 - Amp Smart Battery Charger 0-46221-19002-1 Introducing the all-new GENIUS1, one of the most powerful, highest-performing, energy-efficient, and compact chargers yet. The GENIUS1 is a 6-volt and 12-volt battery charger, battery maintainer, and battery desulfator rated at 1-amp for lead-acid automotive, marine, and deep-cycle batteries, including flooded, gel, AGM, and maintenance-free, plus lithium-ion batteries.

- Meet the GENIUS1 - Just better. It's 35% smaller and delivers 35% more power. And it's simpler and easier to use than ever before. Do more with Genius - Designed for 6-volt and 12-volt lead-acid automotive, marine, and deep-cycle batteries, including flooded, gel, AGM, and maintenance-free, plus lithium-ion batteries.
- Enjoy precision charging - An integrated thermal sensor detects the ambient temperature and alters the charge to eliminate over-charging in hot climates and under-charging in cold climates.
- Charge dead batteries - Charges dead batteries as low as 1-volt. Or use the all-new Force Mode that allows you to take control and manually begin charging dead batteries down to zero volts.
- Simple to set up and use - Plug-in, connect to the battery, select a charge mode, and start charging your battery. A fully-automatic, worry-free battery charger for year-round use.
- Restore your battery - Detects sulfation and acid stratification and restores lost performance for stronger engine starts and extended battery life.
- Compatible with all types of vehicles - Charge and maintain cars, motorcycles, lawnmowers, ATVs, tractors, trucks, SUVs, boats, classic cars, hot rods, and more.
