Product Description

WRS Windscreen Touring

Color: Light Smoked

DU021F

Windscreen made using high quality PMMA plexiglass, DOT626 approved 3mm thick. Made following the strictest standards in terms of safety and respecting the know-how, which guarantees maximum resistance and transparency. Touring version slightly larger than the original. The lines of this windscreen have been studied in detail to minimize air friction offering the rider greater coverage from the air while driving. Compared to the original windscreen, this Touring version of ours is 10cm taller and 12cm wider. The design, studied in detail, fits perfectly with the line of the bike, giving it an even more appealing look.
